A 100% indigenous Zimbabwean-owned company

01 — WHO WE ARE

Who We Are

Tuskers Grey Holdings is a diversified holdings company operating at the intersection of healthcare, agriculture, mining and technology. Through five dedicated divisions, we supply medical equipment and PPE, broker and supply grain, stock feeds, agro chemicals and fertilisers, facilitate mine acquisitions and mineral trade, and supply ICT hardware to institutions.

Our role is simple: we stand in the middle of complex supply chains and make them work — vetting every partner, structuring every contract and moving every consignment with discipline.

100% INDIGENOUS ZIMBABWEAN-OWNED — rooted in this soil, and invested in moving its economy forward.

The Manifesto

01	Integrity First	Every counterparty — buyer or supplier — is vetted before a deal is structured. We trade on our name, and our name is not for sale.
02	End-to-End Facilitation	From sourcing and price discovery to contracts, documentation and settlement, we carry a transaction from the first call to final delivery.
03	Logistics That Deliver	We coordinate transport across regional and international supply routes, so consignments move on schedule — not on promises.

02 — OUR DIVISIONS

Our Divisions

Five divisions, one standard of excellence. Each operates with dedicated expertise and its own network of vetted partners — united under one commitment to integrity and delivery.

DIVISION 01

Medical Equipment — Tuskers Grey Medical

We source and supply quality-assured medical equipment to hospitals, clinics, laboratories and private practices — from diagnostics to theatre — reliably, compliantly and at competitive tender pricing.

- Hospital & clinic equipment — beds, monitors, examination units
- Diagnostic devices & imaging accessories
- Theatre & surgical instruments and consumables
- Laboratory equipment, reagents and consumables

Who we serve: Hospitals & clinics · Laboratories & pharmacies · Private practices · NGOs & aid programmes

DIVISION 02

PPE & Protective Wear — Tuskers Grey Safety

We supply certified personal protective equipment for medical, industrial and mining environments — keeping teams safe, compliant and operational, whatever the conditions.

- Medical PPE — masks, gloves, gowns, face shields
- Industrial workwear — overalls, safety boots, helmets
- Hand, eye, ear and respiratory protection
- Sanitisers, disinfectants & hygiene consumables

Who we serve: Hospitals & clinics · Mines & construction · Manufacturing · Corporate occupational health

DIVISION 03

Agribusiness — Tuskers Grey Agribusiness

From farm gate to feedlot, we broker and supply the commodities and inputs that keep agriculture moving — grain, stock feeds, agro chemicals and fertilisers — with fair price discovery and coordinated logistics.

- ▢ Grain broking & supply — maize, wheat, soya beans, sorghum
- ▢ Stock feeds — cattle, poultry and piggery rations
- ▢ Agro chemicals — herbicides, pesticides, fungicides
- ▢ Fertilisers — basal, top-dressing & speciality blends

Who we serve: Commercial farmers · Millers & processors · Feedlots & abattoirs · Agro-dealers & cooperatives

DIVISION 04

Minerals & Mining — Tuskers Grey Minerals

We work across the full mining value chain — facilitating investors in acquiring mines, broking mineral product to credible buyers, and participating in actual mining operations across chrome, gold, copper and nickel.

- Mine acquisition facilitation for local & international investors
- Mineral product broking — chrome, gold, copper, nickel
- Participation in active mining operations
- Assay coordination, export documentation & logistics

Who we serve: Mining investors & funds · Producers · Smelters & refineries · International buyers

DIVISION 05

ICT Hardware Supplies — Tuskers Grey ICT

We supply genuine ICT hardware to corporates, institutions and government — laptops, desktops, printers and the peripherals that keep modern organisations running.

- Laptops, desktops & workstations
- Printers, scanners & copiers
- Networking equipment — routers, switches, cabling
- Accessories, consumables & toner

Who we serve: Corporates & SMEs · Schools & universities · Government & parastatals · NGOs

03 — INDUSTRIES WE SERVE

Industries We Serve

Five divisions, one client base: the institutions and industries that keep Zimbabwe moving.

Healthcare & Life Sciences

Hospitals, clinics, laboratories, pharmacies and aid programmes — supplied with medical equipment, instruments and clinical consumables.

SERVED BY
Medical Equipment · PPE & Protective Wear

Industrial & Mine Safety

Mines, construction sites and manufacturers kept compliant and protected with certified PPE, industrial workwear and hygiene consumables.

SERVED BY
PPE & Protective Wear

Agriculture & Agro-Processing

Commercial farmers, millers, feedlots, abattoirs and agro-dealers — grain, stock feeds, agro chemicals and fertilisers across the value chain.
